

# FRV TRAVEL – VILLA MANA

## EDITION 6.5 FEB – MAR '10

**NEW VILLAS IN PARADISE**

Villa Mana is an exceptional, tropical, modern-style villa located in the Canggu area with fabulous rice field views. Revolutionary architecture and interior design dominate this offering, and the average ceiling height within the villa is just under 4 metres. Floor-to-ceiling doors, carefully counterbalanced, humble all that pass through its interiors and its lofty space and six bedrooms exude style and grace. The villa features floors of continuous-poured black concrete, juxtaposed with walls crafted in a combination of glass, stone and wood, and novel amenities and features are hidden behind every turn.
